The San Francisco Transgender Film Festival (SFTFF) announces its spectacular 10th Anniversary film festival – a stellar collection of transgender short films with enticing tales of defiance, bullying, relationships, sex, humor, enchantment and romance. Get your tickets early: last year's Festival broke the theater's all-time audience record!

This year's Festival features an award-winning mix of international films from countries including Thailand, Australia, Brazil, Israel, Canada, Thailand, Germany, Scotland, England, South Africa and The Netherlands.

Shot in an amusement park, LOOP PLANES takes a young FTM protagonist on the romantic ride of his life. The documentary DEATH OF MY DAUGHTER is a poignant and honest account of female-to-male transgender people and parental rejection. ROOMMATES, starring Rocco Kayiatos, is a poetic tale of unrequited love. TRANSSEXUAL DOMINATRIX is a super-saucy music video from transgender rocker Shawna Virago. THE PANTY MAN stars Shangela Laquifa Wadley from Ru Paul's Drag Race fame. MAIS OU MENOS (More or Less), from Brazil, is a tale of queer high school bullying with a twist.

Artistic Director Shawna Virago says, "We can't wait to share this milestone tenth Festival with audiences. You can see how we've grown by this amazing lineup of films made by transpeople from all over the world!"

Virago adds "This is a very popular Festival, and this year will be even more so. Get your tickets early – last year we broke the theater's records for the largest audiences ever!"

Thursday November 3 (8pm): Tenth Anniversary Performance Extravaganza

The Festival opens with a special Tenth Anniversary Performance Extravaganza. Featuring performances by Annie Danger, Natsha Muse, Storm Miguel Florez, Butch Tap, Kentucky Fried Woman, Shawna Virago, Eli Conley and more – hosted by Fairy Butch.

ABOUT THE SAN FRANCISCO TRANSGENDER FILM FESTIVAL (SFTFF)

The San Francisco Transgender Film Festival, originally called Tranny Fest, was established in 1997 and is the nation's first transgender/genderqueer film festival. SFTFF emerged for the same reason so many marginalized communities

have organized film festivals: the absence of authentic representations of transgender lives and experiences in the mainstream commercial media. In the 14 years since, SFTFF has remained defiant, proudly programming outside the box, exhibiting groundbreaking, provocative, outrageous, courageous, moving and innovative works that show the complexity of lives lived on the transgender/genderqueer spectrum. Originally a biennial festival, we became an annual festival in 2005. This is our 10th Anniversary Festival. SFTFF Artistic Director **Shawna Virago** is a nationally acclaimed musician and filmmaker.
